## Messaging Users

---

The screenshot shows a web interface for sending a message. At the top, there is a dark red header with the text "SPU Book Finder" in white. Below the header, on the left, is a hamburger menu icon. The main content area has a light beige background. It starts with the word "Message" in a dark font. Below this, there are four input fields: "From" (containing "Sender's Username"), "To" (containing "Recipient's Username"), "Subject" (containing "Subject"), and "Message" (containing "Type Your Message Here"). At the bottom left of the form is a dark red "Send" button.

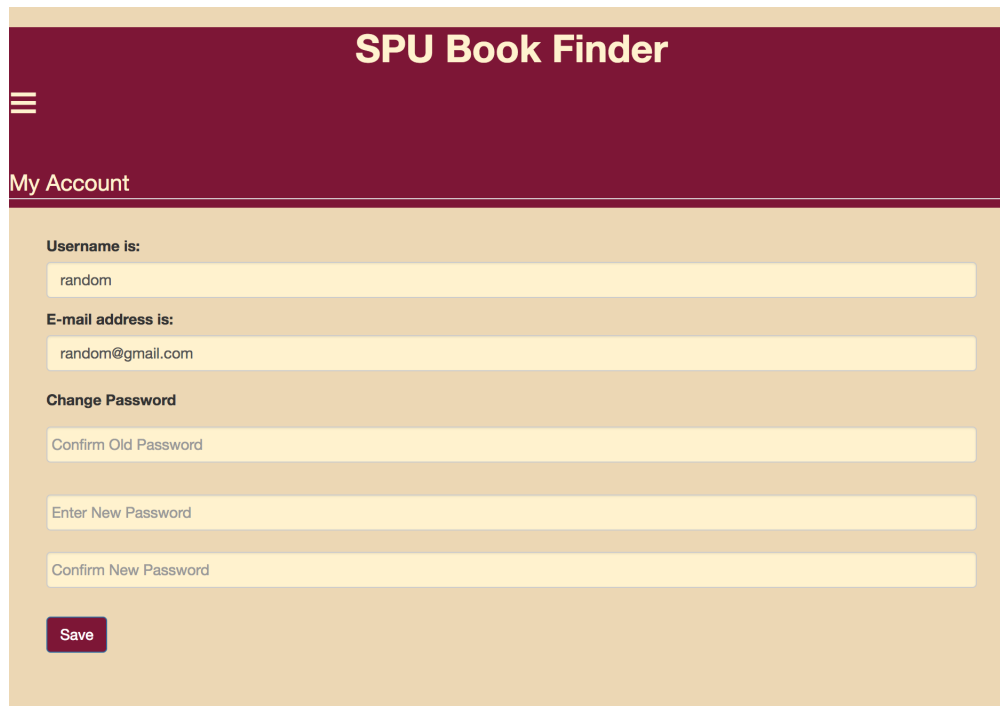

**The Message Page, is used for users to contact one another:**

1. Go to the: Message Page (email\_chat.php)
2. Nothing to be done by user for the "From" Textbox. The "From" Textbox, will always be filled with the current user's credentials.
3. Enter recipient's credentials. The "To" Textbox, will be filled in by the user, and be filled with the recipient's credentials(the user they wish to contact.)
4. Enter in a subject line for the message. The "Subject" Textbox, will be used by the user to send the subject of the message.
5. Enter in a message you wish to send. The "Message" Textbox, will be used by the user to enter any information they wish to send to the recipient.
6. Click on the "Send" button.
7. You're message has been sent to the user!
